## PROFESSIONAL SUMMARY

Business Intelligence & Analytics graduate with hands-on experience turning operational data into actionable insight, backed by coursework in SQL, Tableau, and data modeling/ETL. Proven track record identifying root causes behind recurring process errors (e.g., billing/claims denials) and implementing fixes that measurably reduced recurrence. Certified in AI-assisted workflows (Anthropic AI Fluency, Claude 101) and skilled at building rapport with customers and stakeholders in fast-paced service environments.
